** Past experience in Grand Ridge Drive Community. Other firms are approved by the Master Developer. There is no longer a requirement to use a previously approved builder or architect in this legacy community of extraordinary custom homes. Due to the complexity of this project with unique design requirements by both the Master Developer and King County Buyer will save time and money using a firm or team (architect and builder) with a successful track record in Grand Ridge. Should Buyer wish to bring in their own team there is a simple RFQ/Approval process by the Master Developer prior to any design work commencing.
